POWER / UTILITIES INDUSTRY

Safety, Lifting Equipment & Services

FOR SAFE
WORKING LIVES

LIFTING & RIGGING | LOAD RESTRAINT | VEHICLE RECOVERY | HEIGHT SAFETY | PPE | WORKWEAR & FOOTWEAR

SERVICING THE POWER & UTILITIES INDUSTRY FOR OVER 50 YEARS

Bunzl Safety & Lifting has been supplying world renowned lifting, rigging and height safety products and services to the Power Industry in Australia for over 50 years.

We understand the industry is very diverse and ever changing as technology evolves and new procedures are put in place. We recognise the challenges faced with ensuring staff are wearing the safest workwear and PPE, and maintaining lifting and height safety equipment to ensure compliance standards are met.

SAFETY EQUIPMENT FOR SHUTDOWNS AND EVERYDAY USE

We have the experience to advise you on your everyday safe lifting requirements as well as specialist safety equipment required for shutdowns and special projects.

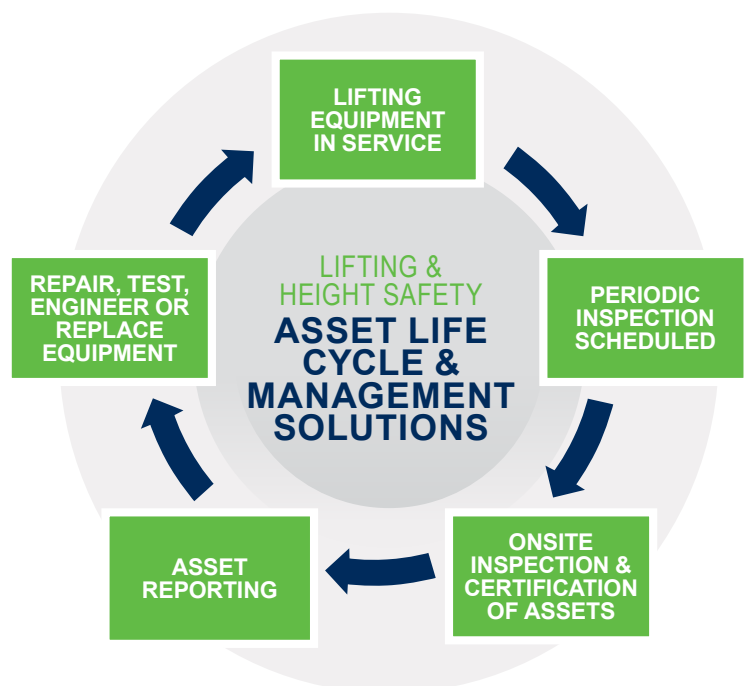

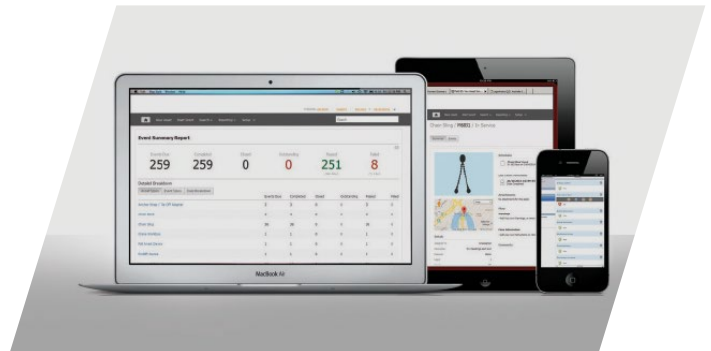

TECHNICAL & SAFETY SUPPORT SERVICES

To complement the supply of these quality products, we also offer several associated services including:

- **ON-SITE INSPECTIONS** - and certification of equipment by our LEEA trained inspectors using electronic inspection technology
- **NATA ACCREDITED TESTING** - and repairs in most branches
- **MOBILE TESTING FACILITIES**
- **HEIGHT SAFETY SYSTEMS** - planning, installation and training
- **ELECTRONIC ASSET MANAGEMENT** - of your lifting, rigging and height safety equipment
- **VENDOR MANAGED STOCK** - mobile warehousing, storage and out of service cages and PPE vending machines
- **COMPLETE UNIFORM MANAGEMENT** - including embroidery services, online ordering, and onsite fit-outs
- **FULL E-COMMERCE SOLUTIONS** - from customised online portals to full punchout & EDI capabilities

We work with you to understand your unique site needs and provide a complete safety asset and uniform management solution for your requirements.

This brochure highlights just some of the products and services relevant to the power and utilities industry that we can offer.

THE COMPLETE SOLUTION FROM THE SAFETY EXPERTS
