CONSTRUCTION INDUSTRY

Safety, Lifting Equipment & Services

FOR SAFE WORKING LIVES

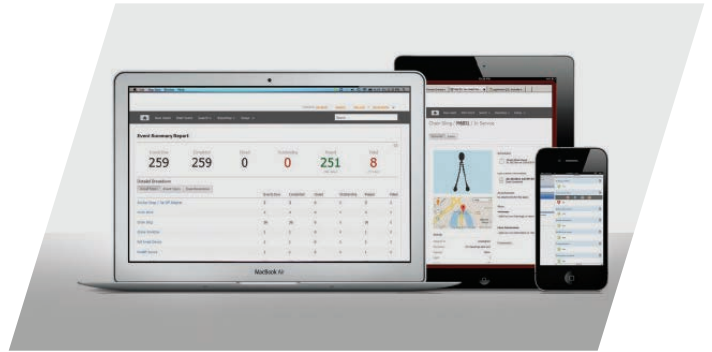

LIFTING & RIGGING | LOAD RESTRAINT | VEHICLE RECOVERY | HEIGHT SAFETY | PPE | WORKWEAR & FOOTWEAR

SERVICING THE CONSTRUCTION INDUSTRY FOR OVER 50 YEARS

Bunzl Safety & Lifting has been supplying world renowned PPE, workwear, lifting, rigging and height safety products and services to the construction industry in Australia for over 50 years.

We understand the needs of different construction projects and businesses are very diverse and ever changing. As technology evolves and new procedures are put in place, we recognise the challenges faced when ensuring staff are wearing the safest workwear and PPE, or maintaining lifting and height safety equipment to meet the highest compliance standards.

SAFETY WORKWEAR, PPE & HEAVY LIFTING EQUIPMENT

We have the experience to supply and advise you on your everyday safe lifting requirements as well as specialist personal protective equipment for hazardous situations and special projects.

TECHNICAL & SAFETY SUPPORT SERVICES

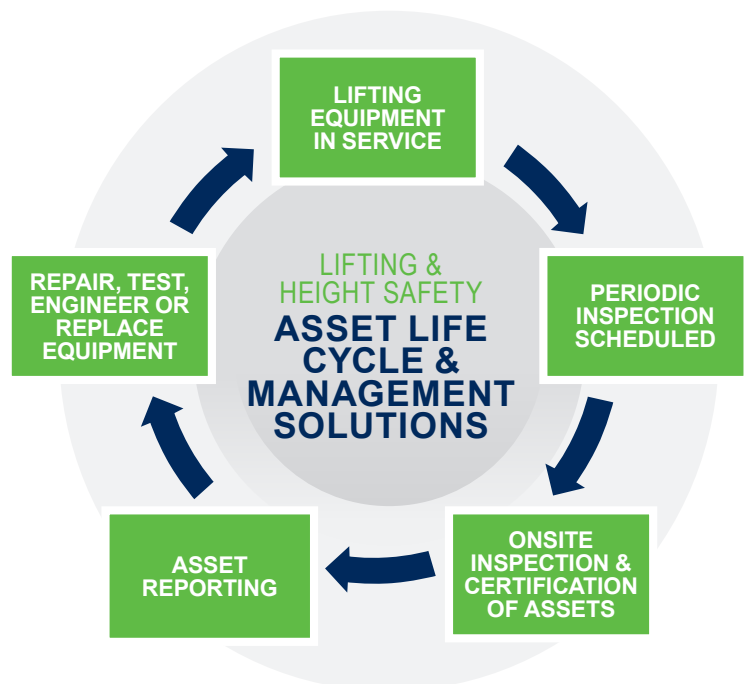

To complement the supply of these quality products, we also offer several associated services including:

- **ON-SITE INSPECTIONS** - and certification of equipment by our LEEA trained inspectors using electronic inspection technology
- **NATA ACCREDITED TESTING** - and repairs in most branches
- **MOBILE TESTING FACILITIES**
- **HEIGHT SAFETY SYSTEMS** - planning, installation and training
- **ELECTRONIC ASSET MANAGEMENT** - of your lifting, rigging and height safety equipment
- **VENDOR MANAGED STOCK** - mobile warehousing, storage and out of service cages and PPE vending machines
- **COMPLETE UNIFORM MANAGEMENT** - including embroidery services, online ordering, and onsite fit-outs
- **FULL E-COMMERCE SOLUTIONS** - from customised online portals to full punchout & EDI capabilities

We work with you to understand your unique site needs and provide a complete safety asset and uniform management solution for your requirements.

This brochure highlights just some of the safety products and services relevant to what construction projects require, that we can offer.

THE COMPLETE SOLUTION FROM THE SAFETY EXPERTS

BUNZL SAFETY & LIFTING IS ONE OF THE LARGEST SUPPLIERS OF SAFETY EQUIPMENT IN AUSTRALIA.

MORE THAN JUST A SUPPLY BUSINESS

TECHNICAL AND RELATED SITE SAFETY SERVICES

LIFTING EQUIPMENT INSPECTION SERVICES ON-SITE INSPECTIONS OR DROP EQUIPMENT TO ONE OF OUR BRANCHES

To save on down time bringing lifting and safety equipment to our laboratory, our fully LEEA qualified inspectors can travel to site to undertake the necessary monthly, quarterly, or yearly inspections. We also contact you when inspections are due.

Alternatively, lifting equipment can be dropped off at select Bunzl Safety & Lifting branches for the required inspection. Just some of the equipment our inspectors can inspect and test include:-

- Hoists & wire rope
- Chain & synthetic slings
- Rigging hardware & lifting beams
- Work boxes and goods cages
- Harnesses, lanyards & confined space equipment

SERVICE ACCREDITATIONS

We currently hold the following accreditations:

- NATA ISO17025 for Mechanical Testing
- Full LEEA (Lifting Equipment Engineers Membership Assoc.) Accredited

ELECTRONIC INSPECTIONS

Inspections are completed and recorded in 'real time' using our state of the art Electronic Inspection and Asset Management System – enabling customers to view their lifting equipment reports, location information, and full inspection history online – at any time.

EQUIPMENT TESTING & REPAIRS – INHOUSE OR MOBILE

We have the facilities, experience, and technical capabilities to offer inhouse or mobile testing of heavy lifting and height safety equipment.

- NATA accredited testing capacity to 1,000 tonnes in-house and 35 tonne capacity mobile test machines
- Our technicians can also service or repair lifting and rigging equipment, on-site and offsite
- We offer quick turnaround times
- Test results of your equipment can be uploaded to the Electronic Asset Database

Our Electronic Inspection System ensures greater accuracy and speedier access to inspection reports.

SPECIAL ENGINEERED PRODUCTS

At Bunzl Safety & Lifting we understand that some heavy lifting and towing applications require custom requirements and expert technical know-how. We can provide:-

- Spreader bars, C hooks and gantry crane systems
- Synthetic, chain and wire rope slings
- Height safety systems
- Forklift jibs, work platforms and goods cages
- Scissor clamps and drum handling equipment

SITE SAFETY & OTHER SUPPORT SERVICES

Bunzl Safety & Lifting also provide effective business solutions for selecting, sourcing, and consolidating your site safety needs to not only achieve cost savings and efficiencies, but ensure you exceed duty of care and Safe Work guidelines resulting in safer workplaces. Some of these are detailed below:-

SITE AND PERSONAL SAFETY ASSESSMENTS

Working together with you and some key suppliers we can offer:-

- PPE assessments for prescription eyewear
- Respiratory fitting and dust/silica assessments to identify respiratory hazards
- Hand protection site audits by job roles to ensure safety and compliance
- Hearing and noise level testing
- Safety footwear site audits focused on terrain assessment and movement analysis
- Safety Signage and Lock Out/Tag Out Safety Advice

VENDOR MANAGED INVENTORY SOLUTIONS

Bunzl Safety offers many ways to manage your safety equipment securely on-site.

- On Site Containers, Equipment Boxes and Out Of Service Cages
- On-site Vending Machines for PPE and other equipment

UNIFORM MANAGEMENT

At Bunzl Safety & Lifting we understand the importance of a good uniform, and how it supports your brand as well as protecting your workers. We also understand the importance of offering an integrated service for uniforms complete with quality embroidery services and tailored online ordering for your staff. We provide:-

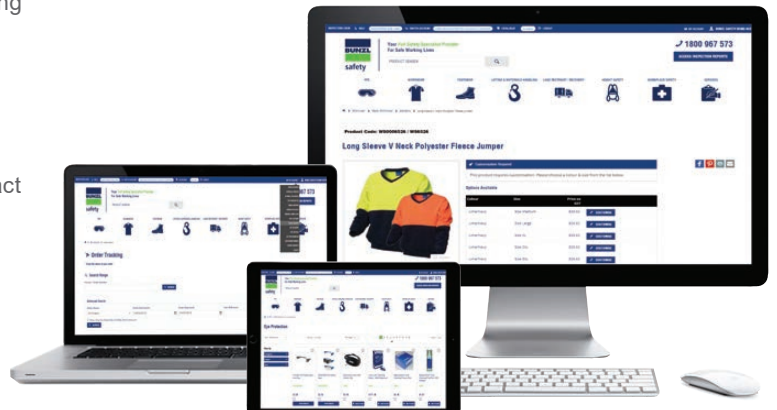

- Custom embroidery and screen printing of uniforms and PPE
- Onsite Uniform Fitting Services for select customers
- Customised online ordering & replenishment of uniforms and PPE

E-COMMERCE SOLUTIONS

Bunzl Safety & Lifting is the market leader in custom online ordering of PPE, workwear, and safety equipment, and have invested in the latest technologies to ensure our customers have control over uniform and site safety expenditure. Our e-Commerce solutions include:-

- Custom Online Catalogues/Portals to enable staff to order and replenish safety equipment and uniforms from your select contract basket
- Easy online ordering & tracking of invoices through our global website
- EDI (Electronic Data Interchange) Integration
- Full 'Punch-Out' capabilities
